COLDEST DECEMBER 3RD IN 23 YEARS

WEATHER THIS MORNING A RECORD BREAKER

UNUSUAL AT THIS SEASON

Aids to Bringing Fuel Situation Here to Critical Point. November Also Record Breaker.

6 below zero this morning.

The offical registration shown by records of J. R. Brink at the weather bureau was 6 degrees below zero this morning which is the lowest record in December for twenty three years. The high record in that winter was on December 1,1898, when the thermometer showed 5 degrees below zero.

December followed close on November in being a record breaker. The month just past registered the coldest day of any similar month in 19 years, in November 12, with seven above. On November 7, 1900, the record for low temperature was 3 above.

November was also a record breaker in two counts, having the greatest precipitation for the month in ten years.

The excessive cold, unprecedented at this season is adding to the acuteness of the fuel situation here.

The complete weather report for the past month is as follows:

WILL YOU HELP THE CHILDREN WITH CHRISTMAS SEAL SALE

School Youngsters Will Use Best Efforts to Aid in Tuberculosis Association Appeal.

The campaign for the sale of Red Cross Christmas seals by the Maryville school children begins on Saturday of this week. "Health Bands" which are equal to 500 seals, and valued at $5 will be sold between now and Friday. It is hoped that those who are able will buy one of these "Health Bands" before the seal campaign begins Saturday.

There will be a friendly contest between the 19 different grade school rooms, to see which can sell the most seals. The room selling the most receives a prize. Any patron of the school who would like to take part in this campaign, and who buys either bonds or seals may indicate which school room he wishes to receive credit for the sale. Do not wait to be solicited but call any school child or the office at the school building and say how many you want.

Of all the plagues that have afflicted the world, none is more deadly than tuberculosis, the "Great White Plague." Other plagues ancient and modern, swept a country and were gone. Tuberculosis has kept up its ravages year after year for more than 4000 years.

Following are some of the statistics regarding the disease:

Here in the United States tuberculosis kills 150,000 persons every year.

One person dies every three minutes, 20 every hour, 480 every day.

There are at least one million active cases of tuberculosis in the United States.

No close estimate of the number of inactive cases can be made. The health demonstration at Farmington, Mass., where a whole city put itself in the care of physicians in order to promote health and further scientific investigation has revealed fifteen cases of tuberculosis for every death. This would indicate a total of 2,000,000 cases, 1,000,000 which are probably inactive.

Inactive cases at any time may be transformed into active cases by weakness due to some other disease, or by a cold or some unusual physical strain.

No disease is more insidious than tuberculosis. It strikes silenty, and often has been long at work before it is discovered.

A large p... cases are those of pers... know they have it. D... army doctors discovered ...000 cases among the youn... ick of the land, who though... are fit to fight for their country.

The plague of tuberculosis is the greatest single cause of death in the United States. One tenth of all the men women and children who die each year are victims of tuberculosis.

Most of its victims are taken in the prime of life. One third of all who die between the ages of 18 and 45 years are killed by tuberculosis.

As tuberculosis is a preventable disease, it is possible to stop the awful sacrifice of 150,000 lives a year. To do this, individuals must co-operate with the agencies that are now fighting tuberculosis. Fresh air, cleanliness, destruction of the germ laden sputum of consumptives and wholesome food are necessary in prevention as well as cure.

More education, more nurses, dispensaries, sanatoria, hospitals, and open air schools are needed, also the undiscovered cases must be sought out. To this work the National Tuberculosis association and its affiliated state and local associations which are financed largely by the sale of Red Cross Christ... seals, are giving particular attention. It now asks co-operation in a campaign that will not cease until the "Great White Plague" has been stamped out.

GOODEN CHARGED WITH STEALING CAR

PARNELL MAN WAS ARRESTED YESTERDAY.

IS 2ND SIMILAR CHARGE

Harold E. Gooden Brought to Maryville Last Night by Sheriff Dowden Charged with Stealing Car.

Harold Gooden, son of Editor L. C. Gooden of Parnell, has been arrested again on a charge of stealing a Ford touring car, the car this time belonging to J. F. Beal of Benton, Ia., Young Gooden has been out on bail of $1,750 since September 23 on a charge of stealing and receiving a stolen car of James L. Pierce.

Young Gooden was taken in charge yesterday afternoon by Mayor Elias Klaas of Parnell, when it was discovered that he had in his garage at home a Ford touring car with the serial number being chiseled off. The car was discovered when Mr. Klaas was making an effort to locate a car stolen from his brother, Eugene Klaas a week ago. Mr. Klaas sent several men to the garage and they all reported that the serial number had been tampered with.

When taken in charge by Mayor Klaas, Gooden said the car had been left with him by a man from Hopkins, who was on his way to Kansas. He said it was left in his care about ten days or two weeks ago. It was also discovered, it is said, that Gooden had been making efforts to sell this car and was asking $200 for it.

The name of J. F. Beal of Benton, Ia., was found in the car and the authorities got into communication with him at once. Mr. Beal arrived this morning and identified the car as his own, it having been stolen on the night of November 20. Benton is about 35 miles from Parnell.

The charge against Gooden this time will be on four counts. One for stealing a car, one for receiving stolen property, one for having in his possesion a car with the serial number of the engine being tampered with, and the last charge for having done the work himself of removing the serial number.

Gooden was brought to Maryville this morning and was placed in the conty jail until his arraingment this afternoon.

DR. WINSHIP VISITS RURAL SCHOOLS OF COUNTY TODAY

Impressed with Vitalized Agriculture Methods and Gathering Publicity Material for Educational Journal

Dr. A. E. Winship, editor of the Journal of Education at Boston and Miss Mary Mustain of Chicago, who is publicity director of the extension department of the International Harvester Co., arrived in Maryville this morning for the purpose of inspecting the rural schools who are doing vitalized agriculture. In company with County Superintendent Bert Cooper, they visited the Elm Grove school, taught by Miss Christie Waldeier, and the Union school taught by Miss Opal Birkenholz, this morning. They took lunch at the Olwell school, taught by Miss Nellie Halasey. All of these vitalized agriculture schools have started serving hot lunches during the noon hour and also for a study in domestic science.

Dr. Winship is one of the most prominent educators in the country. He has made several visits here and is very much impressed with the vitalized agriculture work being done in the rural schools of this country.

Dr. Winship will also visit the State Teachers College on his visit here. He will probably be here tomorrow.

COURT GIVES CONSENT FOR STANBERRY-CLYDE LINE

Permission was granted by the county court to the Mound City Electric Light and Ice Company to erect a transmission line from Clyde to Stanberry. This company has a franchise at Stanberry and intends to get their current from the Maryville Electric Light & Power Co., who has a line to Clyde.

Mrs. Alexander Coming.

Mrs. G. E. Alexander of Medicine Lodge, Kan., will arrive Friday to visit until after the Christmas holidays at the home of her father, Joseph Jackson, Sr.

ELECTRIC PUMP NOW AT CITY WATER PLANT

Is Not a Material Fuel Saver. Requires Less Coal but More Electric Power to run.

The new electric pump to be installed at the city water plant for forcing the water into the storage basin, has arrived but work for the present has been suspended on account of the weather. The operation of the pump if it were ready for use would not aid materially in the conservation of fuel. While it would take less coal if the pump were in use, it would require more power from the light plant.

The extreme cold has forced a cessation of work for a few days. E. E. Harper, consulting engineer of Kansas City who is in charge is expected in Maryville the last of the week, to start th installation of the pump.

CHRISTIAN PASTOR GIVES REASONS FOR CHRISTIANITY

Rev. Snodgrass Preaches Excellent Sermon Last Night—Follow Up Address Tonight.

The sermon subject tonight used by Rev. R. E. Snodgrass at the First Christian Church revival will follow the one used last night, "Why I Am a Christian." Many heard last night's sermon and were very much interested. The stormy weather and uncertainty of fuel supply have hindered the attendance some this week, but there has been a good crowd and a loyal spirit shown. The pastor has announced that the church is willing, in every way to co-operate in every way possible to relieve the fuel situation and has communicated the fact to the fuel committee.

That Christianity is the cause of civilization was one of the main thoughts brought out in the sermon last night by Mr. Snodgrass, who said:

"I also owe it to society to be a Christian. I am my brother's keeper. I owe to him a debt and I must pay that debt. I must make the way easier for my fellows to live right and I can only do that by living right myself. We cannot live apart from our fellows. Then, I owe it to Maryville to be a Christian. I am partly responsible for the life of this community. If I am not living the best life possible than I am not paying my debts to the community here. From the material viewpoint I owe it to this city to be a Christian. There isn't a man here who would live where there are no churches and Sunday schools. And yet if every man were just like you non-churchmen, would there be a church or Sunday school in the world? Why is it your farm is worth so much money today? Take every church out of this state and let no Christian influences come into it for twenty-five years and you couldn't give your farm away if the receiver of it had to live on it and rear a family. Then why are you depending upon the other fellow to keep up the value of your property? Yu owe it to this community to be a Christian."

"I owe it to my home to be a Christian. To my father and mother who reared me in a Christian home. I owe it to my wife to be a Christian. She needs my Christian help in the home and in the rearing of the children. I owe it to my children to be a Christian. I could rather bury one of my children from my sight today than to have to stand at the judgment and have that child blame me for its unprepared state then. I am going to lead my children in the right path."

Professor Kay sings at every service.

Maryville Fuel Committee
F. P. Robinson
W. O. Garrett
Geo. A. Pickens.

At a conference of the city fuel committee held at two o'clock today and have ordered a complete shut down of all non essential places and a general curtailment in the hours of opening business houses. The above rules will be strictly enforced.

This move is absolutely necessary and the restrictions are made after a thorough survey of the coal and fuel situation in Maryville made this morning by a number of business men of the city who volunteered their services.

W. E. Goforth, agent of the Burlington, received a message yesterday afternoon from Superintendent W. T. Saddler at Creston, Ia., sub-regional director for the fuel administration saying the city must put into force the most rigid conservation rules at once.

The full report of the survey follows

The house to house survey of local fuel situation was started this morning at nine o'clock and is now partly completed and an examination of the reports turned in shows the situation more serious than we expected.

We find hundreds of homes with very small amounts of fuel less than 500 hundred pounds in most cases.

There is very little chance of getting more coal and this makes it necessary for everyone to use wood if possible.

Every one having a small amount of coal should get some wood and mix with it if they could possibly do so.

The committee has secured a considerable quantity of wood which will be placed on sale at Gray's feed yard at cost, as soon as we can get the wood delivered.

We must have teams and trucks at once and lots of them, and we hope that everybody owning teams and trucks will realize the absolute necessity of stopping there own business for a few days and let us have their equipment to move this wood.

If the people do not respond to this request for teams and trucks we are helpless to relieve the situation.

We also want information about all available supplies of wood within a reasonable distance of Maryville either cut or standing and we want wood cutters at once.

We will be unable to keep our people from great suffering unless we get the fullest co-operation from everyone.

We expect to pay a reasonable price for the teams and trucks for hauling and for the wood choppers where the parties are unable to donate their services.

Our headquarters are at the office of the Chamber of Commerce, telephone number Hanamo 629, Farmers 120, or you can communicate with any member of the committee.

M. I. Circle.

The M. I. Circle met yesterday afternoon with Mrs. Robert Llye at her home on East Seventh street. The meeting was opened with the devotional led by Mrs. R. H. Duncan, and roll call was answered with interesting things about South America. Mrs. Charles McNeal was in charge of the topic, "South America," and with the aid of a map gave a general outline of that country. Mrs. Duncan, Mrs. George Moore, Mrs. J. W. Ray and Mrs. I. W. Cole each read a paper giving the description of some part of South America and its products. Mrs. R. L. Kirby, a new member, was received into the Circle. Fourteen members were in attendance. The Circle will hold its next meeting December 16 with Mrs. F. M. Martin.

Rose-Harbison.

Miss Margaret Rose of Arkoe and Charles Walter Harbison of Tarkio were married this morning at 11 o'clock at the Christian church parsonage in this city. The service was read by the Rev. R. E. Snodgrass. The couple will make their home in Tarkio.

Royal Neighbors.

The Royal Neighbors will meet tomorrow afternoon at 2:30 o'clock in the Modern Woodman hall. A large attendance is desired as the annual election of officers will be held.

The Gift Shop

This store might well be called the store of a thousand gifts, for you could hardly think of anything in either Jewelry, Silver, Cut Glass, Stationery or Books that could not be found in this large stock.

In all of these beautiful articles there is nothing commonplace—nothing cheap or shoddy, but there are many things at moderate or even very small price that make most acceptable gifts. Gifts of this class do not depend so much on their cost as on the fine sentiment that accompanies them, and the gift of jewelry always carries that fine touch of delicate sentiment so appreciated at Christmas time.

And you will find here articles at all values from the handsome little greeting card to a $1,000 diamond.

Following will give you just a hint of the many appropriate things in this store for Christmas gifts:

Surprise Mr. and Mrs. Black.

Mr. and Mrs. R. M. Black were very agreeably surprised yesterday by a number of their old time neighbors and friends of the Wesley Chapel neighborhood when they invaded the Black home bringing well filled baskets. A delicious dinner including ice cream was served at noon. Out of town guests were Mrs. Lillie Gill of Sheridan, Wyo., F. G. Black of Valentine, Neb., Dr. and Mrs. Samuel Black of Houston, Tex., and the neighbors of days gone by included Mr. and Mrs. W. A. White, Mr. and Mrs. H. E. Thompson, Mr. and Mrs. E. F. Shelton, and Mr. and Mrs. Ben Neal. A half score of little folk were also present to enjoyen the occasion.

Briggs-Davis Nuptials.

Miss Jessie Briggs, youngest daughter of Mr. and Mrs. J. A. Briggs, became the bride of Glen D. Davis of Pledger, Texas, this afternoon at the parsonage of the First Methodist Church. Dr. Gilbert S. Cox performed the ceremony at 3 o'clock in the presence of Miss Byrd Briggs and W. F. Briggs, sister and brother of the bride, Mrs. L. R. Lyle and Rebecca Briggs, a niece of the bride. The bride was attired in a gown of brown charmeuse with hat and shoes to correspond. Mr. and Mrs. Davis left this afternoon for Pledger, where they will make their home.

Rebekah Lodge.

The Rebekah Lodge will meet Thursday night at 7:30 o'clock in I. O. O. F. hall. Election of officers will be held and all members are urged to be present.

Good Advice

If you are sick and know what ails you, go to any drug store, the druggist will advise you the kind of medicine to buy. It may do you good. His services are free. If your eyesight fails and you know what is the matter with your eyes you can go to a store where they sell glasses. The dealer will test your eyes and sell you glasses. They may help you. His services are free. But if you are sick and dont' know what is the matter with you, call on an efficient doctor practicing medicine. He will cure you. If your eyesight fails, you don't know why they have failed. You have no way of knowing unless you have been a student of an optical college. Call on an efficient doctor of optics. He will carefully examine your eyes and fit them with glasses which will restore your vision and cure headache, if it is caused by eyestrain. John LeGrand Baker, exclusive, efficient doctor of optics, of Maryville, Mo.—Adv.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at Tongue! Remove Poisons from Stomach, Liver and Bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."—Adv.

BREAKS A COLD IN JUST A FEW HOURS

"Pape's Cold Compound" Instantly Relieves Stuffiness and Distress.

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

Missouri Housekeepers

Oakwood, Mo.:—"For thirty-five years Dr. Pierce's remedies have been my household standby. Several times when I have been worn-out with overwork and the care of my family I have been wonderfully strengthened by taking Dr. Pierce's Favorite Prescription and I first discovered the value of Dr. Pierce's Golden Medical Discovery when my first baby was six months old. I caught a heavy cold and then nursing-sore-mouth developed. The doctors all failed me and as a last resort I tried the 'Golden Medical Discovery.' I improved from the very start and because it built up my strength so easily I kept on taking it until I had taken six bottles.

"When my daughters were developing into womanhood they found 'Favorite Prescription' of special value. We are all most enthusiastic in praise of Dr. Pierce's remedies and gladly recommend them."

MRS. EMMA CLARK, P. O. Box 135.

St. Louis, Mo.:—"I take pleasure in recommending Dr. Pierce's Pleasant Pellets as a safe and perfectly reliable laxative to give to little folks. I have been giving these 'Pellets' to my children from the time they were three years of age whenever they have become constipated or showed signs of inactive liver, and these 'Pellets' have always given prompt and satisfactory results. I have no difficulty whatever in getting the children to take them, they are so mild and easy to take."—MRS. ELSIE FRIESTERBACH, 4211 Fair Ave.

For Colds, Catarrh or Influenza

Do you feel weak and run down, unable to work as usual? Do you cough, raise phlegm, or does your nose bother you? Is your head dull and your face pale? Is your blood thin and poor? Don't let your body remain in this condition. Build it up with Dr. Pierce's Golden Medical Discovery.

An old, reliable blood-maker and herbal tonic made from wild roots and barks, is Dr. Pierce's Golden Medical Discovery, the "nature remedy" comes in tablet or liquid. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., 10c. for trial package.

TERRIFYING DISCOMFORTS FROM SKIN DISEASES

Itching and Burning Eruptions Torture Victims.

If your skin seems ablaze with the fiery, burning and itching of Eczema, real and lasting relief can only come from treatment that goes below the surface — that reaches down to the very source of the trouble. Skin-diseases come from a disordered condition of the blood, and search far and near, you cannot find a blood remedy that approaches S. S. S. for real efficiency. S. S. S. has been on the market for fifty years, during which time it has been giving uniform satisfaction for all disorders for which it is recommended. If you want prompt relief, you can rely upon S. S. S. For expert advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. 44, Atlanta, Ga.

ANTI-FREEZE HOG WATERERS.

Hogs will drink more and be fatter and healthier if they have good, warm water in winter. These waterers will furnish them warm water night and day.

TANK HEATERS.

The Cow Boy Heater is one of the best styles we have ever seen. It has a down draft, and draws the flame around the bowl of the heater entirely under water, where the heat is wanted, without waste of fuel. It is so built that ashes may be removed in pan for the purpose and fire built as easily as in a regular stove. Drafts may be regulated to control heat positively.

"FIDDLE-FIT"

Keep Liver and Bowels Clean and Active with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach—always trace this to torpid liver, delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. They work while you sleep.

WOMEN IN BUSINESS

Woman's power in America is well illustrated by the thousands of women who entered almost every line of business to replace men who were drafted during the war. Health proved their strongest asset. Many women, however, developed weak, nervous conditions and could not stand the strain of a business life. Such women should remember there is one tried and true remedy in Lydia E. Pinkham's Vegetable Compound, which for forty-five years has been restoring health and strength to the women of America.—Adv.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.
